What is a Student Council?

A Student Council is a representative structure for students only, through which they can become involved in the affairs of the school, working in partnership with school management, staff and parents for the benefit of the school and its students.

This definition of a student council was drawn up by the Working Group on Student Councils. This Working Group was set up and is chaired by the National Children’s Office to encourage the establishment of effective and democratic student councils in all second level schools in the country. All of the partners in education, including students, are represented on this group.

Does your school have the right to set up a student council?

The Education Act 1998 states that Boards of Management must encourage and give all reasonable assistance to students in the formation and running of student councils. The National Children’s Strategy states that children and young people will have a voice in matters that affect their lives and be provided with opportunities to participate in decision-making.

Both of these are Government policy.
How can I set up a Student Council?

1. Gather support – get together with anyone who is interested (students; teachers; parents; other staff).
2. Log on to the Student Council website for background information and ideas – www.studentcouncil.ie.
3. Log on to the Union of Secondary Students (USS) website for ideas and support – www.ussonline.net.
5. Get a copy of the National Youth Council of Ireland publication – Youth Participation, Citizenship, Democracy from www.studentcouncil.ie. This contains helpful advice on setting up councils.
6. Seek a meeting with your school Principal.
7. Inform all the students in the school about setting up your Student Council.
8. Hold democratic elections for representatives from each year or class.
9. Hold your first meeting.
